

Desalination Market - Filtration

High strength filtration for your desalination pre-treatment with higher uptimes

Advanced Z-Plex* Technology

Z-Plex Filters

Highest dirt holding capacity & SDI reduction; less impact to production.

Multiple Designs

High-strength filters for different liquid viscosity & housings. Resistance to a wide range of chemical solutions.

Less Waste to Dispose

Innovative design gives high performance with less material.

High Flow Z* Filter

SWRO.Zs* Filter
